

# ASHWORTH P H O T O G R A P H Y

## Wedding Photography

### Frequently Asked Questions!

#### How far do you travel?

We undertake weddings both here in the UK and overseas. We are based in Cambridge and for weddings outside a 50 mile radius usually incurs additional travel expenses. This can be flexible depending on your initial investment.

#### Who will photograph our wedding?

Mark Ashworth is the sole photographer and he is responsible for the photography on the day. He will also personally discuss your requirements at the initial meeting and help you select your images at the viewing stage.

#### Do you use a digital camera?

Yes. Professional digital cameras are now better than their film equivalents and allow us to offer you the most advanced quality available for your final prints. Mark uses Canon 5D2 SLR cameras with a range of professional lenses.

#### Do you do group pictures?

Yes - but quickly and efficiently! Mark always finds that couples want to have a selection of family groups. He will discuss your exact requirements and suggests just immediate family which can normally be achieved in about 20 minutes.

#### How many photographs do you take?

Mark will often take around 500-600 images on the day. These are then carefully edited and selected to give you a choice of around 200-300 fantastic pictures depending on the style of your wedding.

#### How many do we choose for our album or book?

Be prepared to love all the pictures! Many clients often choose over 100 images. There is no limit to the number as all our products are designed and made to order.

#### Do you retouch or enhance the pictures?

Every care is taken to ensure your pictures look amazing. All images are individually balanced for colour, density and contrast. Modern techniques are used to retouch and enhance all images where we feel necessary. We do not charge extra for this service.

#### How much are extra pictures for our album or book?

Additional images for your album cost £18 inc VAT each. This price includes extra design time, pages and production.

#### Can we buy framed pictures for the wall?

Yes. There are lots of options for wall products. Images can be printed on Canvas, Acrylic or framed traditionally. You can also have multiple images within one product. Ask for further details.

#### What is available for our parents?

We offer two main products for the Bride and Groom. Our wedding books enable us to offer duplicate copies of the main book. If a conventional album is ordered by the Bride and Groom, then other options are available and are usually priced depending on the number of images required. Please ask for further details.

#### Do you archive the pictures?

All our digital images are backed up and stored so you can re order at any stage. All records are kept of your orders in case of any need to reproduce your album or book. We recommend that you inform your insurance company to ensure they are covered in case of damage or loss.

If you have any further questions please call or e-mail us!
